

Configuring Advanced Windows Server 2012 Services MS20412D

5 Day Microsoft Official Course

OVERVIEW

This 5 day hands-on course is intended for delegates who have some experience working with Windows Server and are looking to learn about implementation of a core Windows infrastructure in an existing enterprise environment. This is the third of 3 courses that provides the skill and knowledge necessary to become an MCSA in Windows Server technology.

This course is divided into 12 modules, each having the support from several labs. Microsoft courseware can be downloaded onto personal devices to accompany this instruction.

KEY FEATURES:

Implementing Advanced Network Services & Advanced File Services

Implementing Dynamic Access Control

Implementing Distributed Active Directory Domain Services Deployments

Implementing Active Directory Domain Services Sites & Replication

Implementing AD CS & Active Directory Rights Management Services

Implementing and Administering AD FS

Implementing Network Load Balancing

Implementing Failover Clustering & with Hyper-V

Implementing Business Continuity and Disaster Recovery

Exam detail:

This course provides the underpinning knowledge for Exam 70-412. This should be booked later www.pearsonvue.co.uk

AUDIENCE

This course is intended for experienced Windows Server administrators who wish to learn more about Windows Server 2012/14. Delegates may have attended courses 20410 and 20411 toward achieving the MCSA or MCSE status.

OBJECTIVES

After completion of this course, delegates should be able to:

- Describe the considerations that must be included when you are implementing a disaster recovery solution.
- Plan and implement a backup solution for Windows Server 2012/14.
- Plan and implement server and data recovery.

PREREQUISITES

The course pre-requisites can be met by having knowledge equivalent to, or by attendance at, courses 20410C: Installing and Configuring Windows Server 2012/14 and 20411C: Administering Windows Server 2012/14 as this course will build upon the knowledge and skills covered in those courses.

LEVEL: IT Professional

COURSE FEE: £2,195.00 per person (includes course notes & refreshments)
